

## Example Subcontract Scope of Work

No. 742979

**Attachment 5  
Research Subaward Agreement  
Scope of Work**

To support the Northern/Pacific Universities Global Health Research Training Consortium, which includes the following:

1. Guidance and support through the full program cycle including pre-departure assistance with visa processing, advice and communication, and logistical planning throughout the fellowship.
2. Research-project related funds are fellow-related expenses such as support for supplies, analysis, equipment, meetings, supplies, language courses, computer, software, etc. It is up to each site's financial office to ensure that these costs follow OMB guidelines.
3. Stipend support for international trainees (international trainees must have 80% protected time devoted to fellowship-related activities).
4. Mentorship to each trainee including at least 8 hours of bioethics and/or IRB related mentorship.
5. Manuscripts, publications and presentations resulting from related research will acknowledge FIC as the funding source.
