NPGH Application Essays - Checklist

Complete all application essays in the document below and submit as a Word document (do not PDF). **Please note the word and page limits for each essay. Essays will not be reviewed if they are over the designated word limit.**

- Description of prior research experience and roles on projects (*max. 300 words*)
- Previous experience in resource-limited settings (*max. 300 words*)
- Statement of career goals and plans (*max. 300 words*)
- List your research publications, conferences/abstracts, and awards
- Mentoring Plan (*max. 300 words*)
- U.S. Short-Term Training Plan (LMIC Fellow Applicants Only) (*max. 300 words*)
- Research Proposal Summary (*max. 4 pages*)
- Research Proposal References (*20 reference maximum, max. 1 page*)
- Significance to the United States (*max. 100 words*)
- Projected timeline of fellowship (*max. 1 page*)

Formatting Requirements

Essays will not be reviewed if they do not comply with formatting requirements.

- At least 11pt font with no changes to character density
- Font choices: Calibri or Arial
- At minimum, single-spaced
- At least 0.5 inch margins
- Document should be US standard letter size (8.5 x 11)

Description of prior research experience and roles on projects

Do not exceed 300 words.

Describe any prior research experience, including your role on research projects (e.g. study coordinator, research assistant, principal investigator, etc.).

NPGH LEADERS Program

A Consortium of University of Washington, University of Hawai'i,
University of Michigan, University of Minnesota & Indiana University

Global Health Fellows

NORTHERN PACIFIC GLOBAL HEALTH RESEARCH
FELLOWS TRAINING CONSORTIUM

Previous experience in resource-limited settings

Do not exceed 300 words.

Describe your previous experience in resource-limited settings. This may include, but is not limited to, research experience in these settings.

Statement of career goals and plans

Do not exceed 300 words.

How do you envision your career in 2030? What will you be doing? How will global health fit into these plans?

List your research publications, conferences/abstracts, and awards.

Research publications:

Conferences/abstracts:

Awards:

Mentoring Plan

Do not exceed 300 words.

Please briefly describe your primary mentors for your fellowship, their role on your mentoring team, and plans for mentoring interactions during your fellowship year. Please also include why you chose this team of mentors and what characteristics you look for in a good mentor.

Do not exceed 100 words.

Optional: Have you been in contact with a Fogarty Global Health Fellows Alumnus that could potentially serve as a Junior Mentor during your fellowship year? If so, who is the alumnus and what areas of support do you anticipate them providing? Please note that having a Junior Mentor is not required, please only complete this section if you already have someone identified.

U.S. Short-Term Training Plan (LMIC Fellow Applicants Only)

Do not exceed 300 words.

(LMIC Fellow applicants only). LMIC Fellows are required to participate in a two to three-month training experience at the beginning of their fellowship at their primary U.S. mentor's university. This experience should be tailored to each fellow's specific needs, incorporating structured learning, skills development, networking, and mentoring activities to enhance the trainee's fellowship year. Please confirm that you have discussed a plan with your primary U.S. mentor for this training experience, briefly describe the activities you intend to take part in, and how they will contribute to your fellowship research project and career development.

If you would like to propose a U.S. training experience outside of your U.S. mentor's institution, please describe why you and your mentor believe the proposed location and activities would be particularly beneficial to your fellowship research project and career development.

Feel free to contact the Support Center (ghfprgm@uw.edu) for questions about this new short-term training requirement. See <http://fogartyfellows.org/apply/> for training options.

Research Proposal Summary

4 pages maximum, not including references. Additional page provided for references (20 max.)

Please describe a proposed research plan. Include: (1) brief background; (2) specific aims; (3) research design/methodology; (4) significance of study. Proposals without specific aims will not be reviewed.

Proposed Study Title:

Project Abstract:

*Proposal –
Background:*

Specific aims:

Research design/methodology:

Significance of study:

FELLOWS TRAINING CONSORTIUM

Significance to the United States

Do not exceed 100 words.

As this fellowship is funded by United States tax payers through the National Institutes of Health, please describe the significance of your proposed research to the United States.

Projected Timeline of Fellowship

Do not exceed 1 page.

Please succinctly describe the timeline of your proposed fellowship. Time points should include the IRB application process, project preparation and implementation, and other training activities. Please also include your concrete plans to disseminate/publish your results, apply for future funding, and future plans. [Gantt charts](#), if included, do not count against your word limits.
